

Same session, then four weeks of help while the habit forms

The same half day session, then four weeks of help while the habit forms. We check prompt logs once a week, run a short clinic on WhatsApp, and give a simple ROI report after 30 days. This is where training turns into daily use.

WHAT IS INCLUDED

Half day live lab at your office for up to 15 staff.

Four weeks WhatsApp support. Daily two minute quiz from your own manual.

Weekly prompt log audit and 60 minute clinic.

Champions certificate for 2 to 3 people in your team who can help others.

One page ROI note at day 30.

PRICE

K5,000 flat per team. Most teams choose this because habits need time.
